Contour dimension(LxWxH):
360x275x253

Available Capacity(L): 8
Power(W): 150
Contain towels(PCS): 50

CB-16F

Contour dimension(LxWxH):
420x320x305

Available Capacity(L): 16
Power(W): 200
Contain towels(PCS): 100

■FEATURES & FUNCTIONS■

This special ultraviolet (O₃) towel incubator has perfect features and functions: Under the high temperature, wet towels are steaming up to keep warm and sterilizing, Additional to the ultraviolet (O₃) performing accordingly, make the objects more clean, healthy and performable. It is the best choice suited for beauty parlor, barbershop, and hotels.

■CAUTION BEFORE USE■

1. Keep this appliance in a stable and ventilate place with low temperature and less vibration.
2. With the ground wire installed, prevent electric shock.
3. Insert the water tray horizontally with two hands, and make sure it is installed inside firmly.

■DIRECTIONS■

1. Please confirm the power switch on “OFF”.
 2. Firmly insert the plug into the socket.
 3. Open the door and take the shelf out.
 4. Put clean towels on the shelf with properly dry into the warmer. Don't put too much for one time for the sake of direct contact with the warmer wall. You have better apply plastic bags here.
 5. Close the door tightly.
 6. Switch the power on, then the indicator lights and the towel warmer starts to work.(sterilizing & steaming).
- As inside warmer walls and the shelves are both of high temperature, be careful when taking off the towels.
 - Please empty the water tray timely.
 - If you need more service, please press the switch button again.

■MAINTENANCE■

1. Turn the power switch “OFF”.
2. Pull out the plug from the socket.
3. When the temperature falls, take out all towels from the warmer, and dry it.
4. Empty the water tray timely.
5. Wipe dirty of the warmer with a dry and clean towel, if difficult to remove the dirt, add a little neutral detergent, but never use the solvent such as thinner and the polishing powder.
6. Clean the shelf by taking it out, and then water washes it.
7. Open the door and ventilate the inside.
